Your Virtual Assistant in Spain

Private health insurance

If you're not currently working, you'll need private or public health insurance (S1 for Brits) equivalent to Spanish healthcare. Here are the providers I recommend.

Always mention that Naomi sent you, to get the best price.

Want really comprehensive cover?

If you'd prefer really comprehensive cover that's a bit more expensive, let me know and I'll share my contact at Sanitas. I only pass this on to people who are serious about investing in their healthcare, as it is a little more money.

Are you British?

If you're entitled to an S1, you can use it instead of private insurance. **Find out how to order your S1 here.**

Any questions? Just ask me, I'm here to help.
